New Product Announcement - Framan Hanger™

Framan Hanger™ is our new state-of-the-art picture and artwork frame hanger that is simple to install and won't damage your walls. It solves all the problems with traditional sawtooth frame hangers, such as holding those tiny nails or damaging the frame.

How does it work?

Framan Hanger™ is

- Temporarily adhered to center of frame so it won't move while it is permanently attached.
- Attached with screws that are held in place, perpendicular to the bracket, while they are driven into the frame.
- Made out of a high strength, yet smooth polymer that will not scratch your walls.
- **Made in the USA**
